Our Easter Collection will be going to this organisation.

## Sunday 21st March will not be Small Group Sunday

Instead Stuart McLachlan (managing director of one of the worlds biggest environmental consultancies and an expert on climate change- also Katharine's brother!) will be speaking to us. This will not be a formal service and is open to all family and friends, so please do invite others.

**Could rota leaders** please ensure their rotas are covered for this service and put it on the website-thank you.
